

Components of MYP instruction

Building in complexity from grades 6-10, students work on developing these five ATL skill categories

- Social Skills
- Communication skills
- Thinking skills
- Research skills
- Self-Management skills

These are the links to “real world” applications of academic content. There are six designated MYP contexts:

- Identities and Relationships
- Personal and Cultural Expressions
- Scientific and Technical Innovation
- Fairness and Development
- Globalization and Sustainability
- Orientation in Space and Time

The IB Middle Years Program

MHIS is a Candidate School* for the [MYP]. This school is pursuing authorization as an IB World School. These are schools that share a common philosophy—a commitment to high quality, challenging, international education that MHIS believes is important for our students.

*Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme, or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted. For further information about the IB and its programmes, visit <http://www.ibo.org>

Phone Number: 0100 459 5449

The IB Middle Years Program is designed to develop global citizens and learners in grades 6-10.

What is the Middle Year's Program?

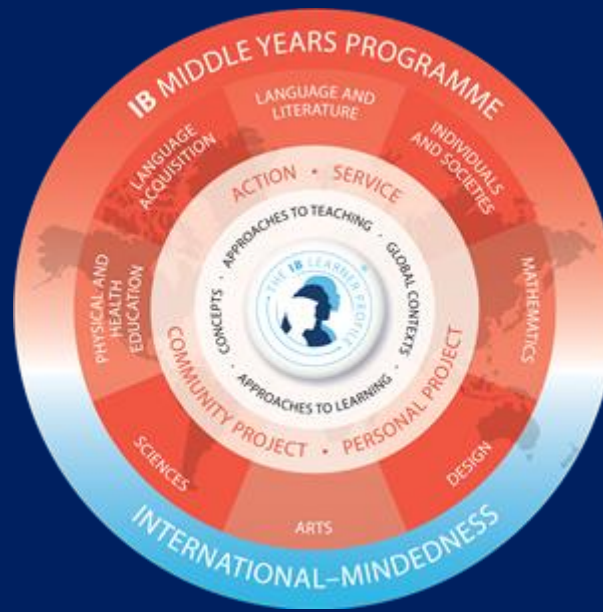

MYP is a philosophy of learning and teaching. MYP is aligned with research-based, best practices in education.

MYP students:

- Ask challenging questions
- Learn how to learn and reflect on their own learning
- Develop a strong sense of their own identity and culture
- Develop the ability to communicate with and understand people from other countries and cultures

MYP faculty and staff

- Make interdisciplinary connections
- Model the IB learner profile
- Create learning experiences that apply subject matter to real world situations
- Apply best practices to daily lessons
- Design and teach from MYP units of instruction based on inquiry and building conceptual understandings

What Classes do students take?

1. Individuals and Societies (social studies)
2. Language and Literature
3. Language Acquisition (Foreign Language)
4. Mathematics
5. Sciences
6. Arts
7. Design
8. PE

What is the Personal Project?

The personal project is a major reflection component of MYP that all students create at the end of the 10th grade.

- Students choose any topic, problem, or issue that they want to learn more about
- Students create some sort of end product or goal which students will evaluate themselves
- Must reflect their growth in the IB learner profile and their success in achieving their goal.
- Must apply academic learning from multiple subjects into a project that has personal meaning for them and is relevant in a real-world, global context

Examples of projects could include:

- Creating a website for a community basketball league
- Campaigning to encourage re-usable grocery bags
- Putting on a play at an elementary school about bullying
- Learning about nutrition and exercise to lead a campus fitness support group
